Subtle and stunning all together.

A slight arc on the overhead blends beautifully with the moldings serving as the finer details while the rich hardwoods boast the sheer elegance of Captivate. However, Captivate knows there is work to be done; so for added durability, an optional laminate worksurface can be specified when needed. Regardless of your real estate, Captivate has the ideal storage and table solutions to balance, not overwhelm, your workspace. Choose from ten wood finishes and any of National's seating models for a perfect match and complete office environment.
